## Supporting Successful Tenancies

### Free breakfast information session for Bayside property managers

The work of a property manager is challenging when tenancies aren't going well or fail. It's especially difficult managing the expectations and needs of both property owners and tenants.

This interactive workshop provides a practical toolkit of tips, resources and networks for Bayside property managers to help you —

- understand the impact life trauma can have on the behaviour of your tenants
- reduce lost rental income associated with turnover
- maintain low rent arrears
- reduce your stress!

#### Workshop includes:

- A property manager's view from the industry
- 'You can't ask that!': Our panel of experts answers the questions you didn't think you could ask
- Spotlight on resources: what help is available when you're not sure what to do next?
